YES ☒ NO

**II. Community Benefits Projects/Activities:**

Provide information on name, brief description (3 lines), target population or purpose (3 lines) for each of the community benefits projects/activities CURRENTLY being undertaken by your hospital (example: diabetes awareness). . 1. The Care Van program provides free women s healthcare services to uninsured and underserved women throughout the Coastal Bend region. These services include: physical exams, pap smears, breast exams, STD testing and treatment, pregnancy testing, and prenatal care. Women who are receiving prenatal care through our CareVan are referred to community resources as needed for continued care. The target population is the uninsured and underserved women throughout the Coastal Bend region. The purpose is to address the need for women s care and access to care. 2. The Mission of Mercy Laboratory program is in collaboration with the Corpus Christi Mission of Mercy non-profit health clinic. Spohn completes all required laboratory needs (blood work) for any Mission of Mercy patient (that is referred to us) free of charge. The target population is the vulnerable and underserved community. The purpose is to increase access to care and decrease preventable hospitalizations. 3. The Community Health and Development department provides patients with access to one-on-one health education, navigation assistance, and clinical access assistance. These services are provided by certified Community Health Workers and Registered Nurses. The target population is the vulnerable and underserved community. The purpose is to assist our population in the self-management of chronic diseases, increase access to care, and decrease preventable hospitalizations. 4. The Coastal Bend Neighborhood Empowerment activity is a collaborative effort that is striving for the sustainable development and healthy outcomes of neighborhoods and communities based on the asset based community development principals. The target population is the vulnerable and underserved community. The purpose is to decrease preventable hospitalizations and participate in community planning.

**Additional Information:**

Use this space if more space is required for comments or to elaborate on any of the information supplied on this form. Please refer to the response by question and item number.
